**Notes:**

[A]: These tariffs are index-linked for inflation (see below).

[B]: This tariff is available only for 30,000 micro-CHP installations, subject to a review when 12,000 units have been installed.

[C]: These terms are defined as follows:

- “Retrofit” means installed on a building which is already occupied
- “New Build” means where installed on a new building before first occupation
- “Stand-alone” means not attached to a building and not wired to provide electricity to an occupied building
